Floor: 24, Şişli 34394 İstanbul/Türkiye
www.rmagroup.com.tr

Technical calculation

It is necessary to create a refrigerated space (**ICE BAR**)

General concept of the refrigerated space:

Floor: 24, Şişli 34394 İstanbul/Türkiye
www.rmagroup.com.tr

Outside finishes: specialized Anodized pillars, heated glass and inert gas inside. Mirror Stainless steel in special design.
Door blocks and door fittings from Germany

Temperature range: inside the room from -10 to -14 degrees

Installation of stainless steel cladding panels				
Stainless steel panels (according to the design of the designers). Mirror polished stainless steel	1	com		
Installation of stainless steel panels	1	con		
Anthers made of stainless steel	1	com		
Consumables for installation	1	com		
Delivery of stainless steel materials	1	con		
Stainless steel flat shields	1	com		
Grilyato ceiling installation				
Grilyato ceiling, according to the sketch	1	com		
Installation of the grilyato ceiling	25	m2		
Additional consumable material for false ceilings	1	com		
Delivery materyals	1	con		
Floor Lighting installation				
Aluminum profile ALU-PoWER w80N	4	pc		
Siliconizing seams, waterproofing	1	con		
Installation of the aluminum box (gutting the base)	1	con		
Laying and connecting LED strip (work)	1	con		
3 * 0.75 PVA cable	100	M		
UTP cable 5 kat	100	M		
Installing a rotary switch in a common control panel	1	con		
Dimmer connection	1	con		
Delivery of aluminum profiles	1	con		
Floor insulation installation				
Sandwich panels for floor insulation	1	com		
Rough screed installation	1	con		
Installation work (Refrigeration equipment):				
Installation of refrigeration equipment (route according to the project)	1	con		
Consumables for the installation of refrigeration equipment	1	com		
Installation of door blocks, swing door	1	con		
Door block assembly, double door	1	con		
Strengthening the metal structure of the ceiling	1	con		
Additional fittings	1	com		
Delivery of partitions (glasses)	1	con		
Total cold store				

Design work:				
Design (general concept)	1	con		
Total cold store:				
Design work does not include visualization, (2D modeling Electrical and hydraulic diagrams)
